

## **Terumo Medical Corporation Files Patent Infringement Lawsuit Against Vascular Solutions And Lepu Medical Technology Company**

SOMERSET, N.J., Feb. 19, 2013 /PRNewswire/ -- Terumo Medical Corporation (Terumo), today announced that it has filed a patent infringement lawsuit against Vascular Solutions Inc. and Lepu Medical Technology (Beijing) Co., Ltd in the U.S. District Court of New Jersey.

The complaint alleges that R Band™ Radial Hemostasis Device distributed by Vascular Solutions and manufactured by Lepu Medical Technology infringes on a patent and trademark, which Terumo Medical Corporation holds the U.S. rights to for its proprietary TR Band™ Radial Compression Device. Terumo seeks an injunction against further sales of the violative product.

"Terumo has made an enormous investment in developing intellectual property and absorbing costs associated with device design and commercialization of our transradial technology. The Terumo TR Band™ device is a critical part of our transradial solutions portfolio. We will vigorously take all steps necessary to ensure that our assets and intellectual property are protected," said Gael Tisack, Vice President of Intellectual Property, Terumo Americas Holding.

### **Terumo Interventional Systems**

Terumo Interventional Systems (TIS) is a strategic business unit of Terumo Medical Corporation. As a market leader in entry site management and lesion access, TIS is committed to pursuing unique technologies designed to enhance treatment of coronary and peripheral endovascular diseases as well as driving strategic initiatives focused on Critical Limb Ischemia, Complex Coronary Intervention and Transradial Access.

TIS directly markets a full line of guidewires, catheters, introducer sheaths, guiding sheaths and embolization products for use in a multitude of different interventional procedures.

### **Terumo Medical Corporation**
