(5) Treatment during reorganization, etc.

If an agenda item regarding a merger agreement in which the Company is the disappearing company, or a share exchange agreement or share transfer plan in which the Company becomes a wholly owned subsidiary of another company, or other matters concerning reorganization, etc. have been approved at the Company's General Meeting of Shareholders (or by the Company's Board of Directors if approval for the said reorganization, etc. at the Company's General Meeting of Shareholders is not required) during the Transfer Restriction Period, the relevant transfer restrictions will be lifted, based on the resolution of the Board of Directors, upon the time immediately before the preceding business day of the effective date of the reorganization, etc. on the number of Allotted Stock calculated as follows.

The number of shares of the Eligible Directors whose transfer restrictions are lifted shall be calculated by multiplying (a) the number resulting when number of months from July, 2023 to the month in which the Company's General Meeting of Shareholders or Board of Directors make such approval is divided by 12 (if that number exceeds 1, then make it 1) by (b) the number of Allotted Stock held at the time of resignation (provided, however, fractional shares less than one share will be dropped from the number of shares obtained by the calculation).

The number of shares of Executive Officer and Terumo Fellow whose transfer restrictions are lifted shall be calculated by multiplying (a) the number resulting when number of months from April, 2023 to the month in which the Company's General Meeting of Shareholders or Board of Directors make such approval is divided by 12 (if that number exceeds 1, then make it 1) by (b) the number of Allotted Stock held at the time of resignation (provided, however, fractional shares less than one share will be dropped from the number of shares obtained by the calculation).

In this case, the Company will automatically acquire all Allotted Stock without consideration if the transfer restriction on the Allotted Stock has not been lifted as of the preceding business day of the effective date of the reorganization, etc.

4. Basis of Calculation and Specific Details of the Payment Amount

To eliminate any arbitrariness in the disposal value, the closing price for common shares of the Company on July 12, 2023 (the business day immediately preceding the date of resolution by the Board of Directors) on the Prime Market Section of the Tokyo Stock Exchange of ¥4,291 is used as

the disposal value. This value is deemed to be rational and not particularly favorable because it is the market share price on the day immediately preceding the date of resolution by the Board of Directors.
